AL'S GLAD PATCH

AL AMSLER

4052 MADISON STREET, SIOUX CITY 8, IOWA

Greetings to our Customers and Friends:

We sincerely thank all of our customers for their business in the past and hope we will have the pleasure of serving you in 1962.

Due to high cost of printing our large catalog we are cutting some descriptions in order to put out a smaller list.

We will give you the benefit of our savings by giving extra good overcount on your orders from our extra fine crop of bulbs harvested in 1961.

PLANTING INSTRUCTIONS

Planting instructions will be included with all shipments. This will be the latest up-to-date information available, written by experts—published by the North American Gladiolus Council.

RETAIL ORDERS

All retail orders, in the amount of \$2.00 or more, are prepaid in the United States. We will do our best to please you. As usual, all we ask is the opportunity to do so. Wishing you a very successful growing season, again we thank you.

Where the each price is given, 10 bulbs may be ordered for the price of 8.

A deposit of 25 per cent will hold all orders until shipping date when bulbs will be shipped C.O.D. unless otherwise arranged.

Overcount on all orders large or small. The larger the order the larger the overcount.

All quotations are subject to previous sale. We urge that you place your orders early so that you may not be disappointed. Each year we are unable to fill late orders for a number of varieties. Orders are segregated at once after being received.

If we are out of a variety you order, your money will be refunded unless you give us permission to make a substitution in size or variety.

We acknowledge each order by card or letter as soon as received.
